Sir:

Enclosed herewith are the following documents in the above-identified application filed 16 September, 1991:

As per your request of April 24, 2001, Applicants are submitting the documents shown on the Transmittal to establish timely submission of substitute drawings and issue fee payment for the above-referenced patent application, and to request withdrawal of the holding of abandonment. As the Examiner is aware, two Office errors are involved: (i) misplacement of the timely filed drawings and timely paid issue fee, and (ii) mailing of the Notice of Abandonment to the wrong party with the result that it did not get acted upon in a timely manner. The Examiner's assistance in resolving this matter as not to unfairly prejudice the applicant's rights by necessitating a terminal disclaimer would be appreciated.

Sir:

Applicants hereby petition to revive the above-referenced application, for which a Notice of Abandonment (Paper No. 40) was mailed on February 15, 2000. The basis for the holding of abandonment was failure to timely file new formal drawings as required in the Notice of Allowability dated August 2, 1999. As shown below, this holding of abandonment is erroneous because formal drawings were timely filed.

Statement of Facts

1. A Notice of Allowability was mailed August 2, 1999.
2. A Notice of Allowance and Issue Fee Due was mailed on September 2, 1999.
3. Formal drawings were mailed and the issue fee was paid with a Certificate of Mailing on October 5, 1999.

4. A Notice of Abandonment was mailed February 15, 2000 for failure to timely file substitute drawings as required in the Notice of Allowance and Issue Fee Due.
5. On or about April 24, 2001, Examiner LeGuyader in a telephone conversation indicated that the drawings had been received at the PTO in a timely manner, however they had been misplaced and only recently found.

Request for Withdrawal of Holding of Abandonment

Applicants respectfully assert that the holding of abandonment is in error because the drawings were timely filed and the issue fee was timely paid, as indicated by the Certificates of Mailing on the "Transmittal Letter and Issue Fee" and the "Submission of Substitute Drawings under 37 CFR 1.84" each dated October 5, 1999. Applicants have attached hereto a copy of the "Transmittal Letter and Issue Fee" and a copy of the cover page of the "Submission of Substitute Drawings under 37 CFR 1.84" as proof of timely filing of substitute drawings and payment. Therefore, Applicants respectfully request that the holding of abandonment be withdrawn.

Request for Waiver of Requirement for Terminal Disclaimer

Applicants note that a Petition to Withdraw a Holding of Abandonment may be dismissed as untimely if not filed within two months of the holding of abandonment under 37 CFR 1.181(f). The latter provides that the petition will not be dismissed as untimely if a terminal disclaimer is provided for cases filed before June 8, 1995, but that the office may suspend or waive the requirements of 37 CFR 1.181(f). MPEP 711.03(c)I. Applicants retroactively request waiver of the requirements for filing a terminal disclaimer on the basis that the entire delay in notifying the office of the error was unintentional. Applicants filed a revocation and appointment of new power of attorney on June 23, 1999 (copy attached) requesting that all future correspondence be sent to the undersigned attorney. The notice of abandonment was mailed instead to Calgene, Inc., in Davis, California. Due to the facts that (i) the in-house counsel at Calgene responsible for this case, Carl Schwedler, was in the process of leaving the company, (ii) internal organizational changes at Calgene in the second quarter of 2000 as a result of Carl's departure were taking place, and (iii) because the undersigned law firm who was representing

Thompson and Knauf

Serial No. 07/762,762

Applicants should have been the entity receiving documents relating to this file, the notice of abandonment was not entered into Calgene's docketing system. After Carl's departure from Calgene, the files on which he had been working were sent to Monsanto Company in St. Louis where, in about April 2001 during a routine review of files that the undersigned law firm was handling, the Notice of Abandonment was discovered. Since the original error in sending the Notice of Abandonment to Calgene is the proximate cause of delay in responding, applicants respectfully request a waiver of the requirement to file a terminal disclaimer.

Terminal Disclaimer

In the event that the Office will not waive the requirements for filing a Terminal Disclaimer, Applicants have attached hereto a Terminal Disclaimer disclaiming the term of the patent equivalent to the period between February 15, 2000 and the mailing date of this petition with instructions to charge the requisite fee to the undersigned's deposit account.
